Digital Systems II

Spring 1999

Homework and Lab Policy

1. Unless otherwise stated, you must work alone on lab projects and homework assignments.
2. There will be a pre-lab associated with each lab. Pre-lab assignments are always to be done individually (even for lab projects in which you may work with a lab partner). The pre-lab is due to your TA within the first half-hour of your first lab period for each lab exercise, unless specified otherwise. The lab score will be weighted as follows:

Pre-lab	30%
Demonstration of system to TA	50%
Lab Report	20%

3. The lab report must include a signature page stapled to the front of the report. The TA will sign this page when you successfully demonstrate your system.
4. Lab reports are generally due in lab one week after the start of the lab, unless announced otherwise. Each student must submit his or her own lab report. Late lab reports, late pre-labs and late homework will receive partial credit as follows:

Received \leq 2 days late:	80% of points earned
Received \leq 7 days late:	60% of points earned
After one week:	0
